# Inverness Golf Club

# Junior Golf Nights

The aim of the junior golf nights is to provide a safe and fun environment in which junior members can enjoy and improve their golf.

To allow this to happen we have a number of rules and guidelines which everyone must follow and are set out below:

1. For this coaching to be effective and worthwhile we would encourage all juniors to practice in their own time.

2. The Club Professionals are in control of the coaching sessions.

3. All children must have a completed parental approval form submitted and accepted before they can participate in the junior coaching evenings.

4. The junior nights should be fun and relaxed and we would expect all juniors to behave appropriately.

5. All parents / guardians must sign their child in and out of the coaching session. Children will not be released from the Pro Shop area until this has been done. This is very important to ensure child safety.
